MAKE SOMETHING OF YOUR SUMMER

BRING YOUR PASSION, GROW YOUR TALENT

DAAPcamps are week long immersions for high school and middle school students to explore their creative passion areas and expand their skills in specific artistic disciplines. Set on the University of Cincinnati’s architecturally-renowned campus and supervised by the faculty and staff at the globally recognized College of Design, Architecture, Art, and Planning, each day at camp includes time spent on studio projects, field trips and social activities for the perfect mix of practice and inspiration.

For DAAPcamps 2018, students can choose from the Residential High School Camp that runs the week of June 24-30, Middle and High School Day Camps that run the week of June 11-15, and the Middle School Architecture Mentoring Program that runs July 8-14.

CHOOSE YOUR CAMP!

MIDDLE SCHOOL DAY CAMPS
RISING 6-8th GRADES
Middle School Full-Day Creative Immersion

HIGH SCHOOL DAY CAMPS
RISING 9-12th GRADES
The Art of Fashion
City Transformers
Digital Fabrication
Drawing Intensive
Fiber Art / Accessory Design and Creation
Summer Artings

RESIDENTIAL PRE-COLLEGE CAMPS
RISING 10-12th GRADES
Architecture & Interior Design
Fashion Design
Graphic Communication Design
Fine Art Studio – Ceramics Emphasis
Fine Art Studio – Painting and Drawing Emphasis
Industrial Design
Shoe Design

CINCINNATI ARCHITECTURE MENTORING PROGRAM (C.A.M.P.)
RISING 6-9th GRADES

WHERE?
The University of Cincinnati’s Aronoff Center, Clifton Ave. and Martin Luther King Blvd.
daap.uc.edu/daappcamps

Please Note: Participation in DAAPcamps does not guarantee a student’s future acceptance into DAAP or their designated major. It does, however, allow them to live the life of a college student in DAAP for one week, and, by doing so, gives participants a view of a future in design- or art-based programs and careers. It also provides them with the insight and tools to help them craft the most successful path possible if they choose to utilize the information.
**THE ART OF FASHION**
Join us for a week-long adventure learning everything you need to know about creating your own piece of wearable art. Experience what it is like to dream up an idea and translate it into a stunning garment that is all your own. Learn about the “inside” of the business and use a sewing machine to fabricate new ideas and techniques. Express your personal style with the Art of Fashion!

**DIGITAL FABRICATION**
The past five years has seen a remarkable influx of innovative ideas as Digital Fabrication tools become readily available to designers of all kinds. Rapid prototyping machines—3D Printers, Laser Cutters, and CNC Machines—along with 3D-modeling software allow Architects, Designers, and Artists to explore and create objects never before seen. Immersing yourself in this technology for a week as you design, model, and fabricate your very own one-of-a-kind masterpiece.

**DRAWING INTENSIVE**
Whether your passion is graphic design, architecture, interior design, fashion, animation, or any other design discipline, excellent drawing skills will be your constant companion. This camp will provide you with the opportunity to explore a wide range of drawing experiences, including cast drawing, figure drawing, sculpture from the figure and master copies. No prior experience is needed. A wide range of drawing experiences, including cast drawing, figure drawing, sculpture from the figure and master copies. No prior experience is needed.

**SHOE DESIGN**
The Shoe Design Camp is a one-week intensive seminar taught by DAAP industrial design graduates who are now professionals in the footwear design industry, along with an experienced product developer from England. Students will work side-by-side with these footwear design professionals, learning the fundamentals of the craft and the strategy behind product development: true skills that will prepare them to study any discipline of design in the future. **FIBER ART ACCESSORY DESIGN AND CREATION**
Build your own brand by creating one of kind wearable art accessories. Learn to design essential key accessory items, including jewelry, handbags and wearables. This camp explores fiber, jewelry and leather design, as it relates to contemporary art, fashion, culture, and society. Campers will use their passion for art to investigate the basics of creating a fashion accessory brand and the design and development techniques used by fashion designers to create trend forward accessories including studio work and outside studio visits.

**FASHION DESIGN**
If you find yourself “noticing” fashion—sketching ideas, being inspired by color and fabric, always thinking “I have an exciting idea for a look that has never been created”—then an education and career in Fashion Design is for you! DAAP camp is the place to explore the Fashion Design process through an immersive week-long experience that investigates fashion theory, conceptual development and technical realization. Learn the tools required of contemporary fashion designers as you develop and craft creations that showcase your unique design voice as the Future of Fashion.

**STUDIO ART: COMMUNICATIONS**
Do you want to learn to translate your ideas into ceramics? Students will be introduced to wheel throwing and hand-building techniques, as well as a range of firing and surface decoration processes including screen-printing on clay and raku firing. Explore Rookwood Pottery and be exposed to contemporary artists using ceramics from around the world in the studio. In only a week, campers will create a body of three-dimensional work for a college preparatory portfolio and learn to communicate personal ideas through contemporary art practices in ceramics.

**STUDIO ART: DRAWING AND PAINTING EMPHASIS**
This is an intensive drawing, painting and craft studio where campers will develop artistic skill, and express their own individual creativity as they work from the great masters. Campers will go to diverse sites to draw and paint along with doing artist studio visits. Using “the grid” technique as a primary tool, artists will expand their skill in tone, perspective, color and proportion they will learn about major art movements throughout history.

**INDUSTRIAL DESIGN**
Every product around you—from the keyboard at your fingertips to the car in your driveway—is designed by industrial designers to meet a given need by a given group of people at a given time. But there's a lot more to industrial design than simply coming up with cool things. Join us for the Industrial Design DAAP camp and learn all about what it takes to make it in this highly challenging and rewarding career.
