apply

BY MARCH 5, 2018

Do you have a humanitarian project to showcase? This event is open to faculty, students, and alumni who have worked on any Design, Architecture, Art, or Planning project for communities in need!

For more information check out the DAAPcares website: daap.uc.edu/daapcares. Submit a project description that reflects the DAAPcares mission (around 200 words) and 3 high resolution images (200dpi) by March 5 to medinali@mail.uc.edu

Questions? Contact Lis C. Medina Mejia at medinali@mail.uc.edu.

cares 2018

the event

Join your DAAP colleagues for a celebration of work that is developed in collaboration with communities in need across the globe. Students, faculty, and alumni are invited to attend this event where selected projects are presented and everyone will have the opportunity to discuss the year's inspirational work. This event is open to all UC students and food will be provided.

about DAAPcares

DAAPcares is a collective of faculty, students, and organizations committed to improving the quality of life for individuals and communities in need through the pursuit of theoretical and applied projects and research.

mission

The mission of DAAPcares is to foster improved quality of life by identifying humanitarian causes and working as interdisciplinary teams that connect design, architecture, art, planning, and other disciplines to conduct research, create new theoretical frameworks and generate productive, inspiring solutions.
