

## DAAPcares 2019 | Application

DAAPcares is a collective of faculty, students and alumni committed to improving the quality of life for individuals and communities in need through the pursuit of theoretical and applied projects and research. The mission of DAAPcares is to foster improved quality of life by identifying humanitarian causes and working as interdisciplinary teams that connect design, architecture, art, planning, and other disciplines to conduct research, create new theoretical frameworks, and generate productive and inspiring solutions.

The event will be held on Thursday, April 4th from 6:00-8:30 pm, in DAAP. Selected applicants will be asked to prepare a 24" x 36" poster to showcase their work. These same projects will then be displayed on Saturday, April 6th as part of the campus-wide Bicentennial Community Day Open House. A member of the project team must be available on April 6th.

Those wishing to apply should complete this form and submit a project description (200 words) and 3 high-resolution images (at least 200dpi) to **vannesdi@mail.uc.edu** by **Friday, March 1st**.
