

Undergraduate Independent Study Proposal

Policy

All DAAP programs offer Independent Study, i.e., an individual project in collaboration with a faculty member on a subject of mutual interest, based on a written proposal. This option is available to sophomores and upper class students only with a 2.5 cumulative grade point average. You need the professor's approval. Additional limitations are set by each DAAP program. A copy of this will be sent to Student Affairs to be scanned into your OnBase file.
