

Please note that the Foundations Supply Kit is intended to serve as a basic set of starter supplies; it **will** be necessary for you to purchase additional materials throughout the semester, on a per project basis. For academic year 2019-2020, Plaza Art and the DAAP Bookstore (both local vendors) have requested the Foundation Supply Kit below so that they may offer a kit available for purchase. A list of computer requirements can be found at the following link: <https://daap.uc.edu/admissions/computer-requirements>
